## SUMMARY

Experienced Frontend Developer with over 2.5+ years of hands-on experience in building custom WordPress themes, optimizing Gutenberg blocks, and integrating PHP functionalities. Adept at creating dynamic content solutions and leveraging advanced WordPress techniques to deliver high-quality, user-centric websites. Proven track record in improving website performance and ensuring seamless, scalable solutions tailored to client needs.

## EXPERIENCE

### · Wipro Limited

September 2023 - Present

*Martech Project, Blackstone*

Software Development Engineer

- Working as a WordPress Developer, I designed user interfaces using Reactjs, PHP, and CSS.
- Developed a custom WordPress theme from scratch, enabling clients to build responsive layouts, components, and Gutenberg blocks for their projects.
- Integrated advanced PHP functionalities and custom post types for dynamic content display.
- Worked on DAM integration so team could access centralized repository for digital assets, eliminating the need for scattered files across multiple servers while replacing the default media library feature.
- Troubleshooted and resolved cross-browser issues, enhancing user experience on iOS.
- Designed a generic solution for charts using highcharts library to show credit funds on UI.
- Worked on Google Analytics 4 to track user engagement on product site.

### · TCS-iON (Internship)

May 2020 – August 2020

*Sentiment Analysis Project*

Machine Learning Intern

- Designed and implemented rule-based and deep learning algorithms to detect various sentiments in English sentences, accurately predicting the overall sentiment of entire paragraphs.
- Attained 15+ sentiment analysis projects, utilizing approaches such as Lexical-Based, VADER, TF-IDF, Count-Vectorizer, and advanced deep learning algorithms.

## TECHNICAL / PROFESSIONAL SKILLS

- **Web Development:** HTML, CSS, JavaScript, React.js.
- **Programming:** Python.
- **Database Management:** MySQL.
- **Miscellaneous:** GitHub, Jira, Visual Studio Code, Data Science & Data Analytics, Machine Learning.
